

# Where in the World Do Animals Live?

Animals live only where they can survive. Koalas, for example, eat only the leaves of certain eucalyptus trees, so they must live in Australia, where these trees grow. All of the animals listed below can survive in only one place on earth — and many of them are endangered.

**North America** Alligator, Arctic fox, Arctic tern, Bald eagle, Bison, California condor, Dall sheep, Musk ox

**South America** Alpaca, Giant tortoise, Llama, Maned wolf, Marine iguana, Sloth, Torrent duck, Toucan

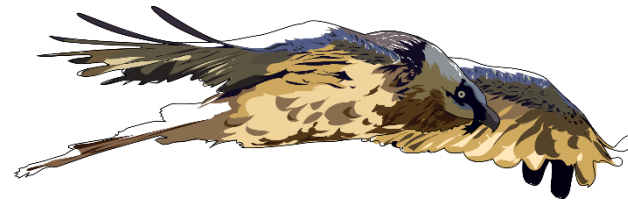

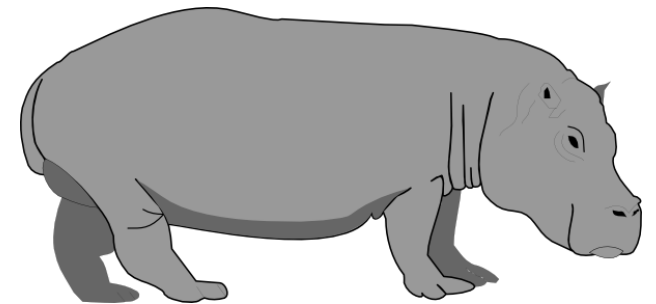

**Europe** Reindeer, Scottish wildcat, Wild goat, bearded vulture, European mink

**Africa** Aardvark, Aardwolf, Aye-aye, Camel, Chimpanzee, Giraffe, Green gecko, Hippopotamus, Hyena, Indri, Lion, Ruffed lemur, Spitting cobra, Tsetse fly

**Asia** Asiatic lion, Giant panda, Komodo dragon, Przewalski's horse, Snow leopard, Zeren

**Australia and New Zealand** , Duck-billed platypus, Emu, Kakapo, Kiwi, Koala, Quokka, Short-tailed wallaby, Tasmanian devil

**Antarctica** Adélie penguin, emperor penguin, Ross seal, Weddell seal

# Where in the World Do Animals Live?

| <b>Animal</b> | <b>Continent</b> | <b>Habitat</b>           | <b>Animal Classification</b> |
|---------------|------------------|--------------------------|------------------------------|
|               | Asia             | forest                   | reptile                      |
|               | Africa           | areas with rivers, lakes | mammal                       |
|               | Australia        | eucalyptus forests       | mammal                       |
|               | Antarctica       | pack ice                 | mammal                       |
|               | Europe           | mountains                | bird                         |
|               | North America    | tundra                   | mammal                       |
|               | South America    | tropical islands         | reptile                      |

**Use the clues above to complete the chart.**

Musk Ox

Bearded Vulture

Giant Tortoise

Hippopotamus

Ross Seal

Kola

Komodo Dragon
