

## You and the Museum

### Grassland Animals

Visit Activities

Kindergarten – 5<sup>th</sup> grade

**Activity #1** – Name the 7 continents and decide which continent the animals from the Maddox Wildlife Collection have as their habitat.

**Activity #2** – Discuss each animal and tell which are herbivores and which are carnivores.

**Activity #3** – Use the animal body part game pieces and have the students match each body part to the correct animal. ***(Available at the museum)***

**Activity #4** – Discuss each animal and the distinctive characteristics for each animal. Compare and contrast where applicable.

**Transition Activities** – Use animal songs, jokes or fast and easy games to fill in gaps in time or to regain student attention. ***Use songs, jokes, games activity sheet***
